

OPE BABS COUNSELLING WORKFLOW

The complete workflow

1. Awareness & Lead Generation

2. Initial Contact & Registration

3. Session Booking & Payment

4. Counseling & Client Care

5. Case Closure & Follow-up

Phase 1: Awareness & Lead Generation

Objective

Create awareness of the counseling services, build trust, and attract potential clients to make an inquiry.

Platforms

- Facebook (Primary platform)
- Instagram
- WhatsApp Business

Activities

- Design and publish professional graphics and educational content regularly.
- Run targeted Facebook advertisements to reach the intended audience.
- Maintain an active and consistent presence across Facebook and Instagram.
- Ensure all posts and advertisements include a clear Call-to-Action (CTA).

Lead Capture

Every post and advertisement should contain a WhatsApp link or "Message on WhatsApp" button.

When a prospective client clicks the link, an automated WhatsApp greeting is triggered, welcoming the individual and acknowledging their interest.

Outcome

Once the client initiates a conversation on WhatsApp, the Awareness Phase ends, and the client proceeds to the **Initial Contact & Enquiry Phase**.

Future Plan

Tiktok reels and Website.

Phase 2: Initial Contact & Registration

Objective

Welcome prospective clients, provide a brief introduction to the counseling service, gather preliminary information, and initiate the registration process.

Activities

- An automated WhatsApp message is sent immediately a client initiates contact.
- The message welcomes the client, introduces the counseling organization, briefly explains the services offered, and assures the client of confidentiality.
- The client is invited to ask any immediate questions regarding the counseling service.
- After the brief interaction, the client is sent the Client Registration Form to complete.
- Upon submission of the registration form, the client's details are recorded and reviewed before proceeding to appointment scheduling.

Outcome

The client has been welcomed, understands the counseling process, has completed the registration form, and is ready to proceed to the **Appointment & Session Scheduling Phase**.

Automated Message

Hello and welcome to **[OPE BABS]**. 

Thank you for reaching out. We are committed to providing a safe, confidential, and supportive environment where you can receive professional guidance and counseling.

A member of our team will be with you shortly. In the meantime, if you're ready to begin, kindly complete our Client Registration Form using the link below:

Phase 3: Session Booking & Payment

Objective

Schedule the client's counseling session and confirm payment.

Activities

- Review the client's completed registration form.
- Discuss the most suitable counseling format (Physical or Online).
- Agree on a convenient date and time for the session.
- Confirm the applicable counseling fee.
- Provide the payment details and request proof of payment.
- Verify the payment and issue a payment confirmation.
- Send the client a session confirmation containing the date, time, venue or meeting link, and any necessary instructions.

Outcome

The client's session has been successfully booked, payment has been confirmed, and the client is ready for the counseling session.

Phase 4: Counseling & Client Care

Objective

Provide professional counseling services, support the client's progress, and maintain accurate session records.

Activities

- Conduct the counseling session (Physical or Online).
- Maintain a safe, confidential, and supportive environment.
- Document key session notes and agreed action points.
- Schedule additional sessions where necessary.
- Maintain communication with the client between sessions, where appropriate.

Outcome

The client receives professional counseling and ongoing support towards achieving their counseling goals.

Phase 5: Case Closure & Follow-up

Objective

Conclude the counseling process, evaluate the client's progress, and maintain a professional relationship for future support.

Activities

- Review the client's overall progress and counseling goals.
- Conduct a final session where applicable.
- Close the client's case file.
- Request feedback or a testimonial (with the client's consent).
- Carry out periodic follow-up checks where appropriate.

Outcome

The counseling engagement is successfully concluded, and the client remains connected for future support if needed.
